

Aslan Heights Homeowners' Association

Request for Temporary Variance

The Covenants strictly prohibit visible campers, trailers and boats in our development. This restriction includes streets, driveways and yards. However, the Board has agreed to grant temporary variance to that restriction, if properly requested (the Board will not permit a vehicle, camper, trailer or boat to be placed in a *yard* at any time, including a homeowner with an approved variance). An approved variance is valid for **not more than three (3) consecutive days** and **not more than thirty (30) total days** during the calendar year. This should allow adequate time for cleaning, preparation, loading, etc. You may not place a visible camper, trailer or boat in the development until you receive the official "Temporary Variance Approval" from the Board. Residents not following the terms of this agreement, may not receive approval for future requests. **This request must be renewed annually.**
